

## Smaerd Nogylop

Well you guessed it, it's reversed Polygon Dreams...

Already wanted to do this for so long, just to ease and relax a bit, going back to past work.

Can you find all the collectables??

It's a different experience, with new content, rooms, secrets and more...

### General Information:

You need to be familiar with most technical skills for this campaign.

### Installation:

You can download the latest version of Olympus from GameBanana -

<https://gamebanana.com/tools/6449>

After installing you can get the prerequisites automatically when running the game, or download them from GameBanana as well.

Olympus has built in mod browser, searching for the prerequisites can be done from there also.
